

“ The Most **Reliable**  
Small Business  
Telephone  
**Solution** ”

Huge Telecom presents the next evolution in business communications. For the first time ever, a GSM telephone line can now be allocated a landline number and grouped together to operate as a single hunt group.

Now you can take control of your business communication needs using our simple, cost effective, yet highly advanced SOHO solutions.

## WHY GO HUGE?

- 📍 GSM technology is stable
- 📍 26 years experience
- 📍 Wireless alternative for fixed lines
- 📍 Highly competitive rates
- 📍 Dedicated Customer Service Managers
- 📍 National presence
- 📍 We connect you quickly
- 📍 Free cordless device
- 📍 Free maintenance

## FULL SUITE TELEPHONY

- ✓ Plug, play & walk away solution
- ✓ Keep your existing numbers or get a new geographic number
- ✓ Single number for incoming and outgoing calls which can hunt between all your lines
- ✓ No data connection required
- ✓ No risk of cable theft
- ✓ No PABX required

## VALUE ADDED SERVICES

- ✓ **(CUG) Closed User Group** - Unlimited interbranch calls for a set fee
- ✓ **(VMS) Voice Monitoring Service** - Spend is capped per device to eliminate bill shock

Call us and we'll direct you  
to a partner closest to you.
